

\$5 - Dog, Cat, Fish, Plant - Apartment Sitter - {landmark}

I live in the {landmark} area of {city} by {more details}. This offer is intended for those living in the apartments and condominiums that surround {landmark}.

I telecommute, so I'm very flexible on timing and availability.

I'm thinking \$5/visit to show up, open a can of food, clean the litter box, change the water, feed a fish, water a plant or two, and maybe check the mail. You know, simple stuff: in and out real fast with no substantial time commitment beyond the walk to your place.

Add \$5/visit if you want me take your dog down to the park for a leashed walk, sit with your cat for a spell and let them know that they're still loved and haven't been abandoned, or if your housekeeping/plant/aquarium needs are more complex.

In short

\$5 to show up

\$5 more to be someone's bud for a half hour

Note: if I don't have something going, I can be hard to reach as I often go several days (and weeks on occasion) without checking my email. Rest assured, if I take the gig, I'll give you my cell phone number, which is on if I'm awake.

Initial meeting in order to see if we have a match to take place in {landmark}, arranged a day or two ahead of time via email.
