Exaggerated Sense of Entitlement

Domineering towards the Help
Sneering Demeanor
Snobbish Attitude

Main Course

Chronic Absenteeism
Hostile Belligerence

I've eaten at countless restaurants so I'll be able to see right
away what you are doing wrong:

Will Happily Explain this in detail to all your customers
And will repeat myself as necessary as ad nauseam

Side Dishes

That's not my job
Tell it to someone who cares
You know what would really help this place?

What's with that scoop of macaroni salad anyway?

Beverages

Washed down with a glass of delightfully refreshing sarcasm,
or Unrefined Wit

Desserts

Un-Humble Pie
I've been thrown out of better dumps, so you know what you
can do with this job
